but that doesn’t mean it should be ignored

although society has changed in profound ways, many features of the apartheid era persist:

my time-consuming internet search has now been rewarded with good facts to talk about with my family and friends

knowledge of verbal short-term memory of abdominal or a recurrent breast awareness of emotional factors increase oral iron deficiency anaemia

post-sandinista education has continued to build upon the successes of the previous regime

this medication may be habit-forming and should be used only by the person it was prescribed for
